

At the May board meeting we learned that the pool had to have a few last minute repairs in order to be opened by MEMORIAL DAY WEEKEND. And we secured the same licensed pool company we have used for years to again maintain, open and close our pool and bathrooms.

Bathroom repairs have been completed with repaired plumbing and updated fixtures and tile floors.

Some of the curb edging placed in key areas of the community has been unsuccessful at keeping mud and debris in check during a rain storm. New ideas are being sought and welcomed by the board.

A few dead trees are being bid on to have removed as well as some needed broken limbs removal.

Discussions were held with many in attendance about the poorly kept properties within the neighborhood, rotted wooden boards, mismatched, buckling or missing siding, painted brick and general disregard for the SPIRIT/THEME/ CONTINUITY of the neighborhood that was originally intended for our community.

A new and active Architectural committee is in the process of contacting home owners on needed repairs.

We had the dumpsters here for the Spring Clean up and had to hire a service to come cut up the last load with chainsaws in order to have the dumpster company take the last dumpster. They refuse to take the dumpster if it is overflowing. We need to be conscious of this fact and not overload in the future. If full you must keep your items til next dumpster or call the city to arrange for large item pick up from your residence. Which can be scheduled through the City of Edmond at any time.

Some residences report not receiving mail due to parked vehicles blocking their mailbox. Vehicles found to be blocking driveways, alleys and mailboxes are subject to being towed.

To celebrate renovations in the Clubhouse and to show off the newly redone bathrooms, the newly tiled kitchen floor, new 70" TV including uVerse channels, we are having an
